

Download and Install the new TOPs Report Viewer software:

1. Download from <http://www.tamscentral.com/TOPsReportViewer/TOPsReportViewer.exe>

You will receive a "File Download" dialog. Select "Save" and pick a location on your computer to save the file to.

2. To begin the Installation process:

- a. Double-click on the downloaded TOPsReportViewer.exe file to unzip the contents.
- b. Select an easily accessible location on your hard drive to unzip the files to, or leave defaulted for the current directory, and click "Unzip"
- c. Close the WinZip Self-Extractor dialog.
- d. Double-click on the "Setup.exe" file and follow the Installation Instructions to complete the install.

It is recommended to use the default installation Folder and choose the "Everyone" option. The sample reports will be installed in the \Sample Reports subfolder under the installation folder. e.g.

– C:\Program Files\Telecom Optimization Partners\TOPs Report Viewer\ Sample Reports
